MON TUE WED THR FRI SAT SUN

Sutra AI : The live Socratic Lens.

→ Google login. (also which platform support it).

→ Compiler me again c mention hai toh python me code error aaye same for python.

→ Expected output be store karye, & user wala se compare kare,

→ create achievement section, Badges & some imp event.

→ lens → our system.
→ user voice understand.
→ Bot speak.

→ Don't want Hard coded → I want from dB.

→ Proper plag check system → AST ko madad se
→ time, logic, No. of lines in minute.

→ Book me phele logic search kre → RAG → with legal issue.

→ Proper Run Button kam kre.

→ This is some making student feel like real teacher → abhi ke liye Basic Question with 1 test case in Run button. & on submit AI / Gemini see code & constraint se match krke complexity compare kre, else tell the improvement.

→ Live video & user voice ko & saath me code ko analyze kre hint de.

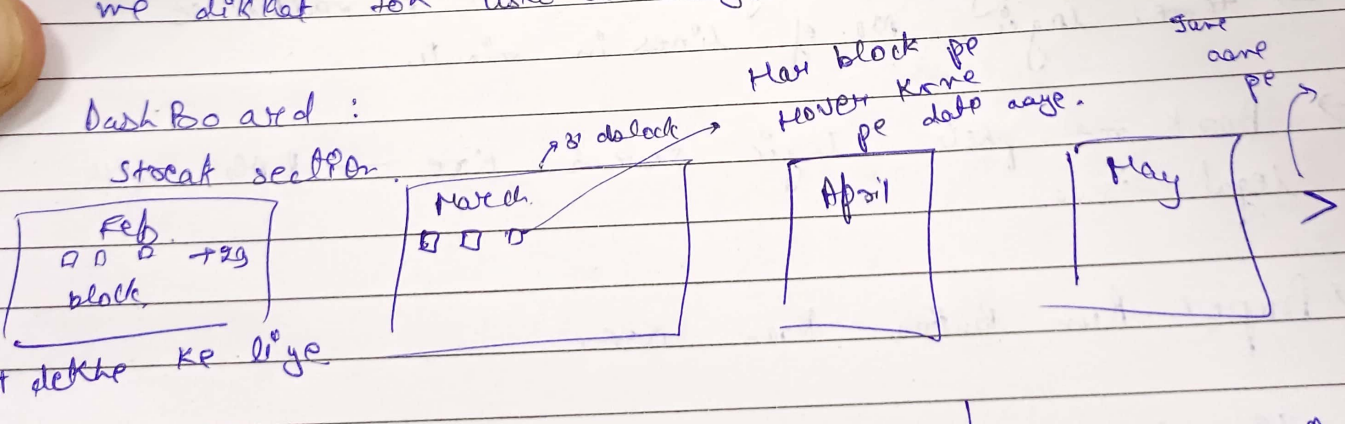
Hint system & This should come from Book if no found find on web page.?

→ Hint -1 : Easy Hint.
→ Hint -2 : ~~More precise kha~~ Diagram se Question analyze.
→ Hint -3 : Kaffi acha hint → jisse user samaj jay.
→ Hint 4 : Bataye error kha hai.
→ Hint 5 : Answer Bataye.

On the Basic of Hint & analysis ke user ko kha th hint dena pda, question level, etc factor ko dekh ke.

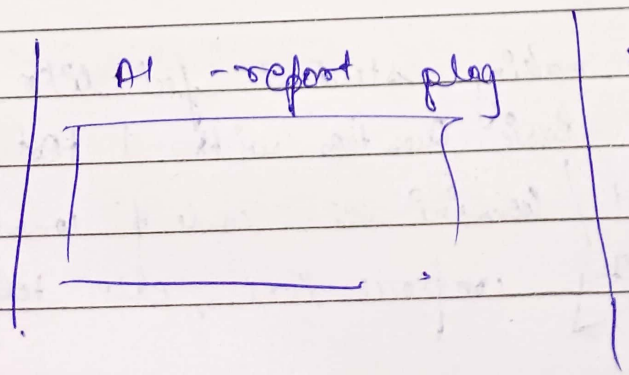
→ Dashboard me yeh data ke gemini ache se samaj ke ke graph aaye for understanding of user ke user ko konse topic me weak it will be like user syntax me we weak hai, array me basic question ho rha, advance me dikkat toh usko be bataye.

Dash Board :
Streak section.



past dekhne ke liye

user understanding analysis.
→



User progress in different courses. like alag-alag courses me past kitni dino me rating.

Subject

Niche courses to continue.

→ courses me question coming aaye from MongoDB.

PS-1 [Solve] success rate Easy

PS2

Hints voice speak	run submit
PS-1	code linter
Constraint	
Test case :	

code

phn pe
Scan Kroke live
video suru ho → Hand writing samaj pay.
↓
Gemini kisko understand Kre.
